TECHNICAL DATASHEET HGS 1140 S5

Heavy Duty Wellington Boots

Steel Toecap Protection • AN1-EN12568

Stainless steel toe cap can reach 200 joules from falling or rolling objects. It is stronger than iron toe cap.

Steel Midsole Plate Protection • AN1-EN12568

Steel midsole plate, is zero-penetration resistant. It can resist 1100 newtons nail puncture from sharp objects. It is stronger and more flexible than normal iron plate.

Water Resistant PVC • CE EN ISO 20345:2011

High quality PVC material is water resistant performance. The upper is soft and comfortable, with breathable fabric lining. The upper tear strength is more than 60 newtons, to resist hard-work wearing.

Heavy Duty PVC Outsole • CE EN ISO 20345:2011

The outsole is made with PVC material, plus 5-10% nitrile. The outsole can pass both SRA & SRB test for slip resistant. High density PVC outsole is designed as EN ISO 20347 standard for abrasion resistant.
