

SWG 105

LEATHER WORKING GLOVES

Specifications:

- Grey cow split leather gloves
- 3 inch rubberized safety cuff
- Reinforced palm for extra protection
- Fleece lined palm
- Knuckle back for support
- Palm Liner
- Size 10/10 inch
- EN 420, En 388 2003 CE
- China Khadi fabric used at the back

Industrial Application:

Civil, Heavy Construction, Fabrication, Oil & Gas, Marine, Mechanical Construction, Manufacturing, Extraction & Refining

Description

Working gloves feature a Gunn pattern that keeps seams away from the palm area for longer lasting use, and wing thumbs, for added flexibility and durability.

Workers will appreciate the comfort of these gloves during construction, farming, metal work and fabrication, and other heavy industrial applications.

Made in Pakistan
